Language

The official language of the course is English.

Session One - All together: Infertility - Causes and Diagnosis

Chair: Adam Balen

09.00-09.30

**Epidemiology of infertility
Valeriy Zukin, Kiev, Ukraine**

09.30-09.45 Discussion

09.45-10.05

**Ovarian aging and tests of ovarian reserve
Richard Anderson, Edinburgh, UK**

10.05-10.15 Discussion

10.15-10.45

**Investigation of infertility and making a diagnosis
Raj Mathur, Cambridge, UK**

10.45-11.00 Discussion

11.00-11.30 Coffee

Session Two - All together: IVF

Chair: Raj Mathur

11.30-12.00

**The IVF protocol and drug regimens Georg
Qriesenger, Luebeck, Germany**

12.00-12.15 Discussion

12.15-12.45

12.45-13.00 Discussion

**Procedures: scanning, egg collection, embryo transfer
Jolienke Schoonenberg-Pomper, Amsterdam, NL**

13.00-14.00 Lunch

Session Three - Parallel Groups

Endocrinology/Paramedics *Chair:*

Richard Anderson 14.00-14.30

**Anovulation and PCOS - diagnosis and management
Adam Balen, Leeds, UK**

14.30-14.45 Discussion

14.45-15.15

**Ovulation induction for anovulation
Adam Balen, Leeds, UK**

15.15-15.30 Discussion

Embryologists / Lab technicians

Chair: Cristina Magli

11.30-12.00

**The semen analysis and sperm preparation
Rachel Levy (F)**

12.00-12.15 Discussion

12.15-12.45

**Optimising fertilisation and embryo culture
Cristina Magli (I)**

15.30-16.00 Tea

Session Four - All together: Complications

Chair: Adam Balen

16.00-16.30

**The dangers of multiple pregnancy and elective SET
Petra de Sutter, Ghent, Belgium**

16.30-16.45 Discussion

16.45-17.15

OHSS

Raj Mathur, Cambridge

17.15-17.30 Discussion

DAY TWO

Session Five - All together

Chair: Heidi Van Ranst

09.00-09.30

Male infertility and surgical sperm retrieval /ICSI

Rachel Levy (F)

09.30-09.45 Discussion

09.45-10.05

**Quality control in the ART Unit
Peter Kastrop (The Netherlands),
Cristina Magli (laboratory) and Heidi Van Ranst (clinic)**

10.05-10.15 Discussion

10.15-10.45

10.45-11.00 Discussion

11.00-11.30 Coffee

Session Six - All together: IVF

Chair: Georg Griesenger

11.30-12.00

**Other laboratory technologies: Fertility preservation (oocyte freezing etc..)
PGD, PGS...**

Cristina Magli

12.00-12.15 Discussion

**Counselling(including the use of donor gametes)
Petra Thorn, Germany**

12.15-12.45 12.45-13.00

Discussion

13.00-14.00 Lunch

Afternoon session:

14.00-16.00:

Panel from Faculty

6 Presentations of difficult and challenging clinical cases by local trainees (doctors, nurses, counsellors and embryologists), each limited to 10 minutes (maximum 12 slides) plus 10 minutes discussion.

Cases to be submitted by email for selection by Adam Balen and SIG coordinators.

5) Accommodation arrangements (please check boxes and complete where necessary)

g A local housing (destination) bureau or travel agent will be responsible for handling hotel accommodation (add name of person responsible + address details including telephone and fax number):

o No local housing (destination) bureau or travel agent has been identified

6) Sponsoring

The following forms of sponsoring will be

available: 6./; *Exhibit*

Exhibit spaces will be available

YES

NO

If yes, approximate total of available sqm:

6.ii) Other forms of sponsoring will be available. Please specify:

7) Budget (in EURO) See

attached Excel sheet

8) Additional remarks and comments:

ESHRE TRAINING AND EDUCATIONAL ACTIVITIES

APPLICATION FORM

1° Applicant ID

Name: Prof Adam Balen E-mail

address:

**Department of Reproductive Medicine
Clarendon Wing Leeds General Infirmary
Leeds, LS2 9NS**

adam.balen@leedsth.nhs.uk

2° Course details

2.i) Time & place

Date(s): 26th -27th May 2010 this is a new date, as precedes the Annual Meeting of Ukraine Association of Reproductive Medicine which starts 28th May.

Venue: (specify exact location, name of building, meeting room, street, city, country)

Kiev

Maximum number of participants (depending on the maximum capacity of meeting room facilities) = persons

2.ii) Special Interest Group (SIG) - ESHRE educational activities are usually organized under the auspices of one of the Special Interest Groups, please indicate relevant SIG below. In case the subject matter relates to more than one SIG, indicate several options.

- SIG Reproductive Endocrinology**
- SIG Embryology**
- Paramedical Group**

3) Scientific details

3.i) Title of the course

The management of infertility - training workshop for junior doctors, paramedicals and embryologists.

Tripartite meeting between SIGs Endocrinology and Embryology and the Paramedical Group.

3.ii) Teaching aims & course description

Course description including main topics:

This is a course on the modern management of infertility and is designed as the first joint training workshop for junior doctors, paramedicals and embryologists, that hopefully in the future may be rolled out in other cities as a "travelling" training course. For paramedicals it is a follow up course for the basic paramedical training course in Manchester.

Plan to have a local speaker to take questions in Russian and translate into English

? Pharma - local support in Ukraine

Course objectives:

To provide a solid framework for the investigation and management of infertility from clinic to the assisted conception unit.

Target audience:

Doctors, paramedicals, embryologists and counsellors with an interest in infertility and reproductive medicine.

3.iii) Scientific program (provisional time schedule, titles of lectures, name of speaker for each lecture)

The management of infertility - training workshop for junior doctors, nurses and embryologists.
